

### Where educational programs are solved

- [Curriculum Books](#) : School Design is a leading international provider of products and services that enhance children's learning K-12. A leader in the field of school supplies, we bring to the market innovative curriculums, cutting edge assessments, teacher resource materials and valuable professional development opportunities to K-12 school administrators, educators, and parents around the MENA region.

- [Curriculum Design](#) : School Design has developed a range of professional learning activities that are based on current inquiry-based research findings and subsequent implications for student learning. All workshops are highly interactive, delivered by a team of professional and experienced consultants, and provide participants with a range of highly practical activities that can be implemented in any classroom to genuinely enhance the learning experiences for students. We offer a range of professional learning activities/in-service trainings that are suitable for teachers, teacher assistants, school administrators, students and/or parents.
